## ECONOMIC FORECAST BREAKFAST

January 31, 2013

Sponsored By:

1) L TO R: BERNIE DAGENAIS OF MLCC, BERNIE FRANCIS OF VALLEY FORGE ASSET MANAGEMENT, STEPHEN MULLIN OF ECONSULT SOLUTIONS, PAUL TYER OF SPONSOR USI AFFINITY AND JEFF CULP OF SPONSOR SUSQUEHANNA BANK. 2) KEYNOTE SPEAKER STEPHEN MULLIN OF ECONSULT SOLUTIONS DISCUSSED THE REGIONAL IMPACT ON THE ECONOMY. 3) BERNIE FRANCIS OF VALLEY FORGE ASSET MANAGEMENT GAVE THE ECONOMIC OVERVIEW FOR 2013. 4) ALMOST 250 ATTENDED TO NETWORK AND HEAR THE ECONOMIC INSIGHTS FOR 2013.

### Letter from President and CEO: A promising outlook for the region

The Economic Forecast Breakfast and Annual Meeting, which was held on Jan. 31 this year, is always a great time to take stock.

It's time to assess the direction of the economy and the Chamber itself as we make note of an amazing 92 years in existence. The Main Line Chamber is on solid financial footing. We know we are a convener and facilitator of important conversations -- we provide forums where business relationships are built and strengthened. And there is demand for what we have to offer.

As for the state of the economy, Stephen Mullin, president of Econsult Solutions and keynote speaker at the breakfast, shared powerful insights regarding the future of Greater Philadelphia. He notes our region is the eighth largest economy in the world and its strengths in education and health care bode well for the future.

The benefits of natural gas on the state and the region continue to unfold, according to Mullin. Three refineries that had been slated to close are being

saved in part due to Pennsylvania's energy boom.

Casinos will continue to boost state coffers, as the state emerges as the second biggest gambling state after only Nevada.

Roads, highways and transit appear poised for major investment as Gov. Tom Corbett is prepared to lift the cap on the oil franchise tax, opening the door for much needed investment at a time when bids are coming in low and our infrastructure is in dire need of repair.

There's every reason to believe Greater Philadelphia's economy will continue to strengthen in 2013, and The Main Line Chamber is doing what it can to make sure our members are among those who benefit.

Regards,

President and CEO

## Main Line Go Green Update

# 2013 SUSTAINABILITY CHALLENGE

2013 is the year to showcase your business's environmental sustainability. Set 2013 as a deadline for some specific accomplishment and The Main Line Chamber of Commerce will publicize your commitment. Your pledge can be something you're already working on or a completely new goal. We will give you visibility in the Main Line Chamber of Commerce's newsletter and social media. Furthermore, your pledge will be recognized by the Delaware Valley Green Building Council (DVGBC) in publicity leading up to and during the November 2013 Greenbuild International Conference and Expo in Philadelphia via their website, social media, and public events.

## TITLE SPONSOR SPOTLIGHT: Wells Fargo

The following article was provided by Scott Nyce, Business Sales Officer, Wells Fargo.

### FIVE THINGS TO THINK ABOUT WHEN CONSIDERING A PAYROLL SERVICE

Are you comfortable keeping up with approximately 400 legal and regulatory changes every year? Are you confident about making up to 268 tax calculations annually? Do you prefer to do routine administrative tasks instead of serving your customers?

If you answered "yes" to these questions, you can stop reading. But if you're like most business owners, these issues are among the very last things you want to deal with. And yet, they're exactly what you need to be doing if you process your own payroll.

Sooner or later nearly every business owner realizes it's time to let someone else handle the time-consuming, risky and unproductive task of processing payroll to a specialist provider. But how do you choose the right one? When you make that decision, here are five key things to consider – and to ask potential providers about as well.

#### Tax liability

Tax issues are probably the number-one pitfall of handling payroll yourself. Every year federal and state penalty notices, levies, and legal action not only reduce productivity, but put many small companies out of business entirely. Often the business owner was trying to do everything correctly, but was simply unaware of all the rules for calculating paychecks, timing tax payments and filing.

If you hire a CPA or accountant to do your books, that person can handle your payroll as well. But that individual isn't going to pay your penalties and interest if something goes wrong. A professional payroll service company will. And a good one will even work with the tax authorities on your behalf if you ever face a payroll tax problem. *Continued...*

They will be hosting a ribbon cutting later in the year.

# PA Free Enterprise Week

Each year The Main Line Chamber Foundation awards scholarships to local high school students to attend Pennsylvania Free Enterprise Week. In 2012, the Foundation was able to send six students to learn about the world of business and give students real world experiences before graduating.

At a time when you can't pick up a newspaper or turn on the national news without hearing bickering and divisiveness over what's "wrong" with our economy, something truly uplifting is happening in Pennsylvania. Without much fanfare, more than 2,000 young adults and business executives will converge in Williamsport, Pennsylvania during the months of July and August to both explore and celebrate the world of business and what free enterprise means to America. Thirty-five years ago, business leaders in Pennsylvania responded to a perceived lack of awareness in most young adults about how the private sector operates. In 1979, a marvelously innovative program was born to teach our young people (juniors and seniors in high school) about those issues that face business people every day. **Pennsylvania Free Enterprise Week (PFEW)**, internationally-acclaimed for its excellence, now graduates approximately 1,800 students annually with a vastly improved understanding about the free market and how economic opportunity is so integrally tied to personal freedom.

Each summer, PFEW holds four, one-week individual sessions in July and August. The focus of the week is to group the participants into "management teams" of senior executives who have inherited imaginary "companies." These teams, under the guiding hands of "executives-on-loan," called Company Advisors, operate their firms for a computer-simulated three-year period of time. To add a sense of reality, they are competing against two other student "companies" manufacturing and distributing the same product. These fledgling corporate executives are faced with decisions that any real-life business person confronts daily.

PFEW is designed to give every participant an idea of what is important in the business world of today. Each day's activities include four to five presentations from world-class business people from a list that reads like who's who in Pennsylvania. The students hear about: Business and Finance, the Role and Relationship of Business and Government, Taxation, Business Ethics, Labor Relations, and much, much more. Is it effective? Said Elizabeth Snell of West Chester East High School, ***"Being part of PFEW has been one of the greatest experiences of my life. (It) was the best part of my entire summer and I will never forget the amazing people and learning opportunities about business and life. I will carry these memories with me forever!"***

The Chamber is proud to support PFEW to give our local students an eye-opening experience like Elizabeth described. We encourage our local companies and civic organizations to provide sponsorships for our students and, if possible, volunteers for the sessions. (PFEW is completely a product of the private sector.) Every student attends PFEW on a fully tax-deductible \$525 scholarship (the actual value of the scholarship exceeds \$1,500) which is provided by a local firm. Each graduate also corresponds with his or her sponsor following graduation to report on the program and what they learned. PFEW is also an approved organization through the PA Educational Improvement Tax Credit (EITC) program through the Department of Community and Economic Development.

If you would like to learn more about this award-winning program and how you can help, you can visit their website at [www.pfew.org](http://www.pfew.org) or contact John Trombetta, President of the Foundation for Free Enterprise Education at (814) 833-9576 ext. 1 or e-mail him at [john@pfew.org](mailto:john@pfew.org). **PFEW is open to all current sophomores and juniors in Pennsylvania and information on attendance, as well as program applications, can also be found on the website.**

**Questions can be directed to Ms. Michelle Warofka, Manager of Schools for PFEW by calling her office at (814) 833-9576 ext. 3 or emailing her at [michelle@pfew.org](mailto:michelle@pfew.org).**
